MOBILE INFLATION

AirXPRESS

INFLATE WHILE RE-FUELING

AirXPRESS

ANY VEHICLE | ANYWHERE | ANYTIME

▶ Air Xpress

ATS ELGI for the first time in India has indigenously manufactured the new digital tyre inflator with a built-in compressor. This product is utilized for passenger vehicle and commercial vehicle tyres for garages, tyre shops, fuel and gas stations.

This product is best suited for refilling the tyres while you refuel your vehicle.

The vehicles resting in a parking lot also gets its tyre inflation through this mobile Air Xpress

▶ Features & Benefits

- Inflate while you refuel in the gas station
- User-friendly & portable unit
- Compact unit with built-in compressor
- Digitally monitored tyre inflation
- Inflates & deflates tyre as per set-pressure
- Over inflation eliminated and low maintenance

▶ Premium Features

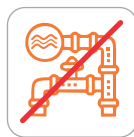

QUICK AIR
Inflation While Refueling

PORTABLE INFLATOR
Reduced Footprint

IN-BUILT COMPRESSOR
No Investment on Compressor

NO PIPELINE
Integrated Compressor

AUTOMATIC
Instant Operation

WIDE RANGE OF TYRES
2W / Car / Bus / Truck

SAFER TYRES
Over Pressure Eliminated

▶ Technical Specification

Operating Pressure (psi)	: 0 - 170
Pressure Setting Range (psi)	: 7 - 170
Display Type	: LCD
Display Features	: Unit & pressure display, function select display, error signal and rolling bar
Operating Temperature (Deg C)	: 0 - 55
Operating Voltage (V)	: 230 (+10% to 15%)
Hose Length (m)	: 10
Compressor Details	
Power	: 2 Hp
Operating Pressure (kgf/cm ²)	: 10
Displacement (lpm)	: 249
Electrical Protection	: 20A
Tank Capacity (Litre)	: 27
